FILL OUT REGISTRATION FORM HERE

1. **Tuition** - \$ 80 per week (5 one-hour classes). If you register for more weeks, the tuition per week keeps getting less. **1 week- \$80, 2 weeks - \$150, 3 weeks - \$200, 4 weeks - \$250, 5 weeks - \$300, 6 weeks - \$350, 7 weeks- \$400.** You have the flexibility of paying for one or more weeks. Payment should be made prior to a registered week. You can Zelle transfer or PayPal or check by mail. More details can be found on the Registration form.
2. **Subjects to be included** - Classes will have topics pertaining to the grade level curriculum for academics and other age appropriate fine motor skills activities. It will include English, Math, Science, Social Studies and other fun activities. Our sample weekly schedule will be:
 - ***Monday** - English & Math
 - ***Tuesday** - Art and Pop up Quiz. Story making (Kids brainstorm and come up with a short story based on the Art and words discussed in the quiz)
 - ***Wednesday**- Social Studies/ Science, Review of the homework
 - ***Thursday** - English & Math
 - ***Friday** - Art and Craft

This program will give students be a balanced and well-rounded learning.

3. **Everyday Homework** - Students will get homework related to the topics taught in the class. Homework is for practice. It'll be reviewed and discussed during the class. Assignments will be posted on google classroom. Kids will join the classroom through their Parent email. My program aims at making learners more comfortable with using the platform during summer. That'll help them in the coming school year in fall, just in case Remote learning is continued.

4. **Number of kids in a class** - I'm a firm believer in small groups for this age. Number of kids in a group will vary anywhere between 1 and 8. You should try to register as early as possible for an upcoming week because spots will be limited. Once you submit the registration, I'll add your kid to his/her grade level Google classroom.
5. **Medium for instruction**- I'll be using Zoom for my online classes. You'll find all the information for that on the Classroom. I'd prefer if kids have a small whiteboard and marker. That's an easy and better way of sharing their work with me during the online class. They will need a notebook/paper and pencil too. If we plan to do some real time art in any session, parents will be informed in advance so that they can gather the required materials beforehand. Our focus is to use materials around the house in most cases.
6. **About the Teacher** - All the classes will be taught by Mrs. Aparna Bhayana. Students like to call me Mrs. B :) * I've taught in Undergraduate colleges in India. *Currently I work in the capacity of a Paraprofessional in SRVUSD. I've been actively working with the teachers in the process of Remote Learning during the COVID School closure phase. * I've been involved with San Ramon Valley Schools in the capacity of a parent, active volunteer and now as a Classified Employee. I've been a member and chairperson of several committees in my own kid's school PTAs. *I also have experience of mentoring several Competition groups like Science Olympiad and Destination Imagination.

With my varied teaching experience, I intend to make these classes informative, interactive and fun for my students. Teachers as well as students are evolving in the Remote Learning process. Please feel free to reach out to me with your questions, feedback and suggestions.

If you plan to enroll your kid, please fill out this [Registration form](#). Make sure you sign up using the same google account that you want to use for Google classroom.
